

60115 JCB Pothole Repairer

Can you tell me how many working hours the JCB Pothole repairer has logged since it was bought?

624 days x 7.2 hrs (average per day) = 4,493 hours.

What date it was bought?

It was initially leased in March 2023. A new Pothole Pro was ordered as part of the Fleet Asset Management Plan 2023-2029 on 11th March 2025. The Service took delivery of the new vehicle on 24th October 2025.

What date it first entered service?

(If there are more than one, I would like the separate data for each machine.)

07/03/2023.
