

60126 Transition Arrangements for Children with ASN

I am writing to you in pursuance of a resolution passed at the 2025 EIS AGM which seeks to ascertain the arrangements for children with ASN who move schools and/or local authorities outwith the usual transition periods of P1 and S1.

To that end, I am seeking the following information in relation to transition arrangements for children with ASN in your local authority:

- What are the transition procedures/arrangements for a child with ASN moving to a different school within your authority outwith transitions from nursery to P1 and primary 7 to secondary 1?
- What are the transition procedures/arrangements for a child with ASN moving to another local authority outwith transitions from nursery to P1 and primary 7 to secondary 1?

The information you have requested is contained within Chapter 6 of the 'In On The Act' information booklet published on our website at:
