

## 60151 School Roll and Waiting List Statistics – East Craigs Primary School

I would like to request the following information regarding school roll dynamics and placement statistics for East Craigs Primary School:

Historic Pupil Churn (Primary 1 to Primary 7)

For the academic years 2022/23, 2023/24, and 2024/25, how many pupils left the school roll mid-year or between academic years (excluding the P7 transition to Secondary School)?

Please provide a breakdown by year group (P1–P7).

Please refer to the table below. Where there are five or fewer pupils in a group, these are shown as '1-5'.

Given the small number of pupils, we cannot provide precise numbers as this could lead to an individual being identified. This would be a breach of the Data Protection Act 2018.

Year Group	Session 2022-23	Session 2023-24	Session 2024-25
1	1-5	1-5	5
2	1-5	1-5	1-5
3	1-5	1-5	1-5
4	1-5	1-5	1-5
5	0	1-5	1-5
6	1-5	1-5	1-5
7	0	0	1-5
<b>Total Leavers</b>	12	18	18

Waiting List Composition (Current P3 / Future P4):

As of the current date, for the P3 waiting list at East Craigs PS:

Current Waiting List for P3 has less than 5 learners all in catchment for East Craigs Primary

- a) How many applicants currently hold Priority 1 status (In-catchment with a sibling link)?

Currently five or fewer applicants have Priority 1 status. As above, the precise number cannot be provided.

- b) How many applicants currently hold Priority 2 status (In-catchment without a sibling link)?

Currently five or fewer applicants have Priority 2 status. As above, the precise number cannot be provided.

Q3. Placing Request Exceptions (P4–P7):

In the last three academic years (including the current year), how many Placing Request Exceptions were granted by the Council or the Appeals Committee for year groups P4 through P7 at East Craigs PS specifically to resolve 'logistical family hardship' or 'sibling separation'?

Over the last three academic sessions, no Placing Request exceptions were granted by the Council or Appeals Committee. There were no requests for P4-7.

Class Capacity and Room Size:

What is the designated physical capacity (maximum number of pupils based on floor space/health & safety) for the two classrooms currently occupied by the P3 year group?

Currently the Primary 3 classrooms are open plan and have capacity for 30 learners in each class space but would have capacity for 33 learners in each space, based on classroom measurements.
