

60366 Waverley Bridge, Edinburgh

We act on behalf of our client who is pursuing a personal injury claim having sustained an injury on a kerb positioned on Waverley Bridge, Edinburgh. The uneven kerb was on the pavement opposite Waverley station. The accident occurred on the 15th November 2025 when her foot made contact with the uneven kerb and she sustained injuries as a result. We would be grateful if you would provide us with the following information:

Details of any repairs and complaints received in any form about defects or damage on pavements in this area for the period November 2022 to date.

Details of all inspections, including date and time of those inspections, and manner in which the inspections were carried out to pavements in this area from November 2022 to date.

[Please see Site History report attached. Third party personal information has been redacted from the document provided.](#)

Details of any incidents in the last three years (November 2022 to 15th November 2025) involving injury on pavements in this area outside Waverley Station.

[Please see Site History report for reports. However, we have no records of any accident claims submitted for Waverley Bridge in the requested timeframe.](#)

Details of the contractors or tradesmen who attended the grounds for repairs or maintenance for this area for the period November 2022 to date.

[Please see attached spreadsheets, which represent the recorded information held by our Scottish Road Works Register team.](#)

Any CCTV footage of the day of the accident.

[No footage is captured, as any CCTV footage is deleted after 31 days as per our retention schedule.](#)

Photographs of the uneven pavement in this area for the period November 2022 to date.

[We have no photographs of the kerb in question.](#)
