

## 60429 Sky Lanterns and Helium Balloons

I would like to know if City of Edinburgh Council has made any decisions or plans regarding the banning of:

Sky lanterns

Helium balloons

The new draft Management Rules for Parks, Beaches and Green spaces seek to prohibit the release of balloons, sky lanterns, animals, plants, seeds, birds, fish, terrapins, or any other similar or uncontrolled items in or onto land, air, or water. The [Culture and Communities Committee](#) considered the initial draft on 21/08/25. This draft will be subject to Public Notice and then return to Committee for approval before implementation.
