Hi [redacted]
Thanks for getting back to me
I can provide a TM plan; however, please note that the road will be closed from 9 00 AM to 5 00 PM and open outside of these hours. Could you please confirm whether the TM plan is still required based on this information?
Kind regards

Good morning,

Thank you for getting back to me.

We understand that delays can happen. If the 15th of September is the earliest available date, we will proceed on that basis and will carry out the work within the 12-week schedule.

Please let me know if there's anything further you require from us before the start date.

Kind regards

Hi [REDACTED]
Please find attached the documents I have prepared for the following TTRO
TEMP/25/121 Clufflat Brae

Can you please review these and confirm you are happy with them no later than 1 September 2025. Since we discovered that number 21 is at the end of the cul de sac, the following description has been used: from the extended south east building line of No 12, south eastwards to the end of the cul de sac. Please do let me know if you wish to change this.

The estimated cost for progressing this TTRO is **£377.65**. Please note that this does not include advertising costs, which are charged automatically to the finance codes you supplied. If further work is required, then this will add to these costs. We will contact you with final costs once your TTRO is in place. To meet legislative requirements, we will arrange for the advert to be published in The Scotsman on 11 September 2025. A copy of the TTRO will be available for download on the Traffic Orders webpage from as close to this date as possible, until it expires.

We have also provided you with a street bill. Legally, street bills must be erected on site no later than 48 hours prior to the commencement of any event and must be maintained for the entire duration of this event. This is your responsibility. The restrictions imposed by your TTRO are not valid without street bills in place.

If this TTRO involves the need to suspend parking places or will have the effect of preventing or limiting the use of any parking place, then you will also need to arrange a Parking Suspension. This is in addition to the TTRO, and no parking place can be suspended without a valid Parking Suspension in place. To arrange for a Parking Suspension, please email [this form](mailto:edinburghsuspensions@nslservices.co.uk) to edinburghsuspensions@nslservices.co.uk. More information on this process can be found at [Parking dispensations and suspensions](#). [The City of Edinburgh Council](#)

Subject: RE: TTRO Application Form JLES Scotland LTD- Clufflat Brae - 15 Sep 2025 to 23 Dec 2025

Hi [redacted]
I'm afraid that we are unable to accept or draft the TTRO with the information provided, and will require some clarification.

The plan provided and the extend of the descriptions don't appear to match. I have marked out the area (see black crosses) that would be covered based on the descriptions (also unsure why the parking restrictions only cover the North side). According to the plan the road closure affects everything marked in the blue area:

Regarding the descriptions, measurements should preferably be taken from extended kerblines (in this case extended building/property lines will be fine). E.g. (changes are in red):

- **Clufflat Brae:** From the **extended east building** line of No 12, **eastbound** to the **extended west building** line of No 21/22.

Concerning the road closure, could you also please confirm if the heras fencing will be removed every day to allow vehicles access outwith the working hours (9.00am-5.00)?

Many thanks

Good morning,

Thank you for getting back to me.

We understand that delays can happen. If the 15th of September is the earliest available date, we will proceed on that basis and will carry out the work within the 12-week schedule.

Please let me know if there's anything further you require from us before the start date.

Kind regards
