

## 60611 Council Guidelines for Literacy and Dyslexia

The Current and Previous Versions (if any) of CEC: our guidelines 'Literacy and dyslexia: identifying and meeting needs' as referred to here: <https://www.edinburgh.gov.uk/support-pupils/pupils-dyslexia-literacy-difficulties>

Primary and secondary school guidelines are attached alongside recently updated information on the process for identification. This has been updated because the City of Edinburgh Council has adopted the updated Scottish Government's working definition of dyslexia.
