

60710 Casework by Councillors

Please advise the number of pieces of 'casework' raised by each councillor with your local authority from 01/03/2025 to 01/03/2026 - as a list with the number of queries each councillor has logged.

Please include all queries officially logged by each named councillor - whether on behalf of a resident they represent or where the councillor has raised the query on his own account.

(Often these are known as 'member enquiries').

Please refer to the table below which provides a record of constituency casework that has been logged into the Council's central system. The system is not mandatory, and councillors use it to varying degrees. It does not represent the totality of work that a councillor undertakes and there may be additional cases that have been dealt with by the councillor but not centrally recorded.

These are the centrally recorded cases from 01/03/2025 to 01/03/2026.

Councillor Name	Number of Cases Logged
Cllr Robert Aldridge	218
Cllr Danny Aston	577
Cllr Jule Bandel	16
Cllr Alan Beal	341
