

60843 Temporary and Emergency Accommodation

How much money did Edinburgh Council spend on temporary/emergency accommodation in 2025? What proportion of this was spent on temporary accommodation outside of Edinburgh Council's local authority? What types of temporary accommodation were rented, i.e. how much did the council spend on hotels, B&Bs, self-contained flats etc? Please break this down month by month.

The amount spent in the 2024/25 financial year on temporary accommodation is available on our [Disclosure Log](#) under reference number '60428'. This also provides a breakdown of temporary accommodation by category. We can only provide a response by full financial year as the Council does not process monthly accruals. Approximately 0.6% of the B&B/Hotel spend for 2025 was spent outwith Edinburgh.
