

60894 Empty Council-Owned Garages

I would like to know how many council-owned garages are now laying empty due to tenants leaving and them not being able to be re-let due to the 'review'.

412 garages are currently empty awaiting completion of condition surveys across all garage developments. We have 940 garages in total.

I would like to know how much revenue this has caused the council to lose, and a projected figure for every week this review takes.

Unfortunately, we are unable to provide you with the information requested because it is not held by the Council.

We are unable to provide this information as many garages in scope are currently in an unlettable condition and therefore not subject to income loss.

Please note that this letter constitutes a notice under section 17 of the Freedom of Information (Scotland) Act 2002.

I would also like to know if the review has actually started.

The surveys began in June 2025.
