

60924 Damage to Parking Meters

Please could you provide the number of reports of deliberate damage to parking meters/machines in your local authority area in the past five years?

In the past five full calendar years, there were 93 occasions where vandalism was reported, or where vandalism was discovered in response to other reported ticket machine faults. This data is provided by year as follows:

2021: 26

2022: 5

2023: 15

2024: 27

2025: 20

If possible, could you also provide a breakdown of the costs to repair or replace the meters/machines as a result of the damage/vandalism?

Please could this information be provided in a year-by-year breakdown and in a PDF file?

A breakdown of the costs to repair or replace the meters/machines is not separately recorded.
