

61042 Temporary Toilet Facilities Straiton Park Place Portobello

The total annual cost to the Council of providing temporary toilet facilities at Straiton Place Park, Portobello, broken down by financial year for the last three years (or as far back as records allow).

Based on financial information available:

2023 - £42,925

2024 - £76,270

2025 - £98,969

A breakdown of that cost, including but not limited to: hire/rental fees, servicing and maintenance, installation and removal, and any associated staffing or contractor costs.

Staffing costs for servicing are not able to be broken down by site as they provide a citywide service.

A breakdown of hire/rental costs, servicing, and related costs is not available.

Maintenance is included in Q1.

The name of the contractor(s) engaged to supply and/or service the temporary toilet facilities, and the duration of any contract(s) in place.

The main contractor for the provision of the temporary toilets is Portakabin (Scotland) Ltd. The generator is provided through Skanska UK.

Initial contract for the provision of temporary toilets commenced 01/06/2023 with option to extend for 2 years annually, now expired.

The period(s) of the year during which the temporary toilets are installed (i.e. the operational season or schedule). If any of this information is held across multiple departments or budget headings.

	install	removal
