

## 61138 Request for Photographs

In a follow-up to 59223 and 46168, please provide the photographs associated with the following defect reference numbers:

50115910

50114429

42091108

Please refer to the attached photographs held in relation to defects 50115910 and 50114429.

Although defect reference 42091108 is dated 27/01/2022 on the Site History Report provided, it actually relates to an historic record from 26/01/2015 which remained open on our system in error. This was closed on our system in 2022 and the historic records from 2015 are no longer held.

Third party personal information has been redacted from the photographs provided in compliance with the Data Protection Act 2018.
