

61258 Noise Assessment Heritage Grange development

I would like to request information relating to any noise impact assessments carried out for the Heritage Grange development.

Please provide:

Copies of any noise impact assessments, acoustic reports or environmental noise studies prepared in relation to the Heritage Grange development.

Details of when any noise measurements were carried out, including:

Dates

Times of day

Duration of measurements

Details of the methodology used for any noise assessment, including:

Standards or guidance followed

Type of equipment used to measure noise levels

The locations where noise measurements were taken.

The names or job titles of the individuals, consultants or organisations responsible for carrying out the noise assessment.

The council department and/or officer responsible for reviewing and accepting the noise assessment, including any conditions attached to planning approval.

Details of any mitigation measures proposed or implemented to reduce noise impact from surrounding roads.

Any post-construction or post-occupation noise monitoring carried out within the development.

The information you have requested is available on the Council's [Planning Portal](#) under reference number 14/04860/FUL.
