

## 61261 Surveillance and Facial Recognition

I am writing to request the following documents, relating to the council's CCTV infrastructure and any use of artificial intelligence or facial recognition technology.

Please provide, for the period 1 January 2023 to the date of this request:

Any Cabinet or committee reports concerning the procurement, deployment, or proposed deployment of AI-assisted CCTV cameras or facial recognition technology (live or retrospective) in public spaces.

[There are no such committee reports.](#)

Any Data Protection Impact Assessments (DPIAs) completed or in progress in relation to facial recognition technology or AI-assisted surveillance systems.

[No such DPIAs have been completed or are in progress.](#)

Any agreements, memoranda of understanding, or data-sharing arrangements between the council and police forces relating to facial recognition technology or CCTV footage.

(If the council has not deployed or considered deploying such technology, a brief confirmation of this would be appreciated.)

[No such agreements or arrangements are in place.](#)

[Our Public Space CCTV service have not considered the introduction of facial recognition or AI-assisted methods in any context.](#)
