<p>In my view these bollard supports are overly long and not adequately marked as hazards. In fact they are not marked at all. As winter and darker days draw in these structures are going to become even more dangerous and a serious risk to the public there, particularly the elderly and/or infirm of which there are a fair number in the area. [REDACTED]</p> <p>In conclusion, as I consider the offending structure(s) to be inadequately marked to prevent accidental trips and falls, as well as being over-long, I [REDACTED]</p> <p>[REDACTED]</p> <p>[REDACTED]</p>
