

61454 Review of Council Owned Housing Garages

Any programme, timetable, project plan, or internal estimate showing the expected duration of the garage review.

The Council's appointed consultants have completed the stock condition survey on our garage portfolio. Council officers are undertaking due diligence regarding its content and recommendations before considering next steps.

Any recorded information indicating when the Council expects to resume accepting new garage rental applications.

Any document setting out the next steps once the garage review and condition surveys are completed.

Any recorded information describing how prospective tenants will be prioritised once garage lettings resume.

Any recorded guidance stating whether garages assessed as being in acceptable condition may be re-let before the review concludes.

Information not held.

Any recorded information which states whether the suspension of new lettings applies to:

All council garages citywide

Only garages that have not yet been surveyed or assessed

The current suspension relates to all garages.
