

61460 Policies and Procedures for Unpaid Council Tax

I would ask for a copy of the relevant policies/procedures in respect of when the Council decides to seek Statutory Warrants and onward referral to debt collection agencies of unpaid Council Tax. Including the number of contacts/letters made with the alleged debtor prior to such action being taken.

The Council's [Corporate Debt Policy](#) covers Statutory Warrants and referral to debt collection agencies for unpaid Council Tax.

In respect to the number of contacts or letters with the alleged debtor prior to action being taken, we are unable to provide you with the information requested because it is not held by the Council.
