

61541 Area of Landscaped Land located between Oxgangs Street, Oxgangs Bank, and Oxgangs Road North

Does Edinburgh City Council own this piece of land?

Yes.

What is / was the purpose of the very small building that sits in the middle of this piece of land? (see my photo attached)

The Council holds no records as to the use of this structure.

Who owns this small building and who is responsible for it?

In the absence of any records, it would be reasonable to assume that the building is Council-owned.
