

61918 South Queensferry Dog Boarding and Dog Day Care Providers

I am looking for a list of licensed dog boarding and dog day care providers in or near South Queensferry.

Please could you provide me with a list of currently licensed dog boarders and dog day care businesses covering this area?

The Animal Boarding Establishments Act 1963 does not have a statutory provision to allow us to maintain a public register. We have not issued data processing statements to licence applicants which advises that their personal data will be disclosed. The majority of licence applications are from individuals (Sole Traders) who intend to offer dog boarding and dog care in their own homes, and without their permission, we cannot publish this information.
