Confirm if there is any formal relationship, partnership, or sponsorship agreement between the school and a company from the above list.

If this does exist, please specify the date from which this commenced and whether this agreement remains in place.

St Augustine's High School has previously had a relationship with BAE systems through their STEM Roadshow. This relationship has now ended and the school did not run the STEM Roadshow this year.

St Augustine's High School has previously had a relationship with Leonardo; with a retired ambassador assisting with judging in a school STEM competition run in conjunction with the Primary Schools in the St Augustine's catchment. This relationship has not continued into the 2025-26 academic session.

If the company or its representatives have delivered or participated in any events on the school grounds, including but not limited to: workshops, assemblies, careers fairs, lessons.

If yes, please specify the date of these events.

BAE Systems last delivered an event on 11<sup>th</sup> September 2024.

The STEM competition had a STEM Ambassador who was retired from Leonardo acting solely as a judge. Involvement was on 6<sup>th</sup> February 2024.

If the school, its representatives, or its students have participated or advertised any events organised by companies from the above list, including but not limited to: workshops, competitions, careers road shows, training events.

If yes, please specify the date of these events.

As above, for the workshop from BAE on 11<sup>th</sup> September 2024. No further involvement has been made after this date.

The STEM competition was delivered by St Augustine's High School. It was not organised by Leonardo.

If the school has advertised or coordinated work experience, training opportunities, or apprenticeships with companies from the above list.

If yes, please provide the number of times this has occurred.

None. Not applicable.

What types of engagement has the school had with this company?

There were no formal relationships. The annual STEM events were offered by BAE Systems. Events were held on school grounds. This has been discontinued and was not hosted this year.

When was the most recent event with this company (on school grounds)?

As above, BAE Systems - September 2024; Leonardo – February 2024.
