

62191 J5829 Haugh Park, Edinburgh - Contaminated Land Query

I am emailing to enquire about a site known as 'Haugh Park, Edinburgh'. We are compiling desktop information and would like to know if you hold any information pertinent to our investigation. More specifically we would like to know the following:

Is the site registered as Contaminated Land under Part IIA of the Environmental Protection Act 1990?

The site is not registered as Contaminated Land under Part IIA of the Environmental Protection Act 1990.

Has the site been included/prioritised for inspection in the Council's Contaminated Land Strategy?

The site has not been inspected or prioritised for inspection or further review under the Council's Contaminated Land strategy.

Do you hold any reports on site investigations at the site or within 100m?

There are no known records of any previous site investigations or remedial works undertaken within the site or within 100m radius.

Are there any current/former landfills located within 250m of the site? If so, please provide any additional details (e.g. location, dates when operational, types/volumes of waste, gas monitoring info etc.)

There are no known private groundwater abstractions within 250m radius of the site.

Are there any buried fuel tanks within the site that the council is aware of?

We have searched through the records for both current and derelict petroleum stores based on the information that you have provided to the department. Unfortunately, I have been unable to locate any information in the red zone on the map provided in the area Haugh Park, Edinburgh regarding the current or derelict petroleum tanks.
