Subject: Forthview PS Road dangers

Good morning,

I'm getting in touch over my concerns of Forthview Primary School drop off points. [REDACTED]

[REDACTED]. The entry roads to the school are merely dangerous for people and especially children with cars everywhere, bin lorry's, motorbikes, e-scooters, council vehicles, taxis, Tesco deliveries etc etc. multiple entry points and no one way systems. I'm finding cars parked on pavements and verges, cars driving on pavements to pass others, road blockages. It's simply terrible and immediate actions needs to be taken to have a traffic calming system implemented before the unimaginable happens - as you'll know it's happened at nearby school. I won't allow Edinburgh council to have a dangerous place [REDACTED]. A nearby school has barriers to only allow vehicles to pass within certain hours, good idea I'm in my opinion. The Head teacher suggested a community police officer to be present but that's not happened. [REDACTED] oints/collections apart from the odd occurrence but they are within the school car park. I've attached images to justify my concerns and it's now getting worse and dangerous for people. I o reiterate action needs to be taken immediately and a presence of the authorities to begin a safe area for everyone. If you can't begin proceedings immediately I'd like a point of contact who can help me? I look forward to your prompt response.

Best regards

Service: Roads General **Subject:** Pavement: Damaged / Defective **Classification:** Request for service
Desc.:
Location: There are many potholes in Ferry Road Drive but this one is so deep that I flew over my bike steering wheel when I rode into it during the night. It's also in a downhill slope. There was a car driving behind who luckily kept its safe distance and I only got cuts and bruises from this accident. **Contact:**
