

62246 Transgender and Gender Fluid Children in Care

How many of the children in care in your local authority identify as transgender, according to your records?

How many of the children in care in your local authority identify as gender fluid, according to your records?

The information you have requested is not centrally recorded. To respond fully to your request, we would have to look in each child's report, of which we have approximately 845 children who are looked after and accommodated. At a calculation of 20 minutes per record to look up, access and read the report for each child, it would take approximately 281 hours to collate the requested information for all looked after children. At a rate of £15 per hour, this would therefore cost £4,215.
