

62543 Hillhouse Road Pothole

I reported the pothole on the 14 of February 2026 but on the website it says that was already reported.

Can you send me the history report of that pothole?

We can't provide 'the history of the pothole' as such.

We can provide a report which shows all records on a specific road rather than specific pothole.

As this request is in relation to an existing claim ref 2095079, please see attached which was provided to the Council's claim handling agent with the claim and which include the road report and copies of the pothole recorded on 14 Feb 2026 and repaired on 16 Feb 2026.
