Mandate Results

We write to you in relation to the defect reported at your property and further to our letter of 25 July 2023.

We asked all owners to complete and return a mandate indicating whether they wished to carry out the works privately or if their preference was for the Council to consider carrying out the necessary shared repairs.

The following table shows the response from all owners.

Owners agreed to carry out the necessary repairs privately	16
Owners agreed for the Council to consider carrying out the necessary repairs	0
No response was received	9
TOTAL	25

On the basis that the majority of owner's preference is for the Council to consider carrying out the reported necessary repair works under the City of Edinburgh Council's Confirmation Act (1991) on your behalf we will proceed to take the case to the ESRS Panel.
