

Saunders Street – Temporary barriers and crash decks

Following the recent visual inspection, it was noted that some areas of the exterior of the building were showing signs of deterioration.

You will notice that crash decks will be erected around both the Saunders Street and India Street sides of the building over the next week. These have been recommended to provide extra protection for you and the public, and we appreciate your patience while these are in place.

These make-safe work are required as a temporary measure pending further investigations in the New Year by High Rise Management and Investment Team

We will prepare letters with more details in the New Year, and we will also arrange a meeting to discuss the next steps with residents and owners.

If you have any queries, please contact us on:
HRMI@edinburgh.gov.uk.
