

## 62683 Contact Details

I'm reaching out from Technogym UK as part of our work supporting local authorities across the UK with health, wellbeing, and leisure provision.

To ensure we are speaking with the most relevant colleagues, I would be grateful if you could provide the names, email address and any other contact details (where appropriate) for those responsible for the following areas within your authority:

- HR Director (or senior HR lead)
- Head of Leisure / Leisure Services
- Leisure Contracts Manager
- Head of Health & Wellbeing (or equivalent)

This will allow us to share relevant insights and examples of how other councils are enhancing community health outcomes, improving facility performance, and delivering successful leisure strategies.

If it is easier, I would be very happy to be directed to a central contact or appropriate department.
