

24 Hour Summary for The City of Edinburgh Council

Forecast Issued:	27th February 2024 10:45:22 GMT	Forecaster:	
Forecast Period:	Tuesday 27/02/24 12:00 to Wednesday 28/02/24 12:00	Forecaster DDT:	01296 628373
Headline	RSTs JUST BELOW ZERO OVER HIGHER ROADS		
Confidence	LOW		

General Synopsis
Bright spells and showers this afternoon, these generally light. Showers easing by around 20:00 this evening to leave the rest of the night dry with clear periods, allowing for RSTs to fall to around zero over higher roads with the risk of icy patches. Cloud amounts will build from the west towards the end of the night, although there is some uncertainty in these cloud amounts - owing to low confidence in the minimum RST. Cloudy tomorrow morning with light rain or drizzle from the west.

Snow Summary
None.
