

62755

Request for the following information for the period spanning 1st November 2025 to 19 February 2026 inclusive:

Defect Logs: A list of all reported road defects, potholes, or carriageway hazards logged on West Savile Road and West Savile Terrace during this timeframe. Please include the date reported, precise location description (or grid references/house numbers), and the source of the report (e.g., public report, council inspection).

Risk Categorisation: The risk category assigned to each of these logged defects (e.g., Category 1, Category 2, etc.) following council inspection.

Inspection and Repair Dates: The specific dates on which these logged defects were inspected, and the dates on which any temporary or permanent repairs were completed.

Maintenance Inspection Records: Copies of any safety inspection records, highway inspection reports, or skipped inspection logs held by the council for these specific road segments during this period.

[Please see the attached site history reports for West Savile Road and West Savile Terrace for the dates requested.](#)
