

The Visitor Experience Department has five Duty Managers covering 7 days of the week from 09:00 until the gift shop closes 30 minutes after the park. The purpose of the Duty Manager is to support visitors across the site, deal with any difficult or unusual situations, and assist with Health and Safety and other incidents, etc.

We also coordinate with other departments during unusual situations/incidents, as well as respond to all major first aids.

Opening hours:
