Hi Laura, I sent you an email asking about the report of information gathering for the Local Access Forum. Have you had any time to pull anything together? Turns out Cllr's are requesting it for next Wednesdays meeting, which makes the deadline today (though I've pushed it back til tomorrow) after which I am on leave Friday.

Hi Andrew, apologies for the delay in getting back to you. I am dealing with a really high case load at the minute so I haven't had a chance. However, given this is a live planning application and discussions are on-going, I can't provide any further information beyond what is available on the planning portal. I am still waiting on a statutory consultation response from Nature Scot. Once this has been received, I will be in a better position to review the information and seek further information if required. I am looking into the matters you have raised in your response, that you share with ScotWays. However, as mentioned, these discussions are on-going.
