

63096 Chicken and Chicken-Based Products

Please provide, for the most recent complete financial year for which records are available:

The total value (£) and total volume (kg, tonnes, units, or other recorded measure) of chicken and chicken-based products procured by or on behalf of the Council for the provision of public services, including but not limited to schools, care homes, social care settings, leisure facilities, and other Council-operated catering services.

£92,241, 6,086kg.

The total value (£) and total volume of those chicken and chicken-based products which originated from China.

None.

Where exact figures are not held, please provide any estimates, supplier declarations, procurement records, country-of-origin data, or other information held that would identify whether chicken products supplied under Council contracts originated from China.

Not applicable.

The names of the suppliers and contracts under which chicken products were procured during the relevant period.

Campbells Prime meat.

Any current procurement policy, contract specification, or guidance relating to the country of origin of poultry products purchased by the Council.

The Council's procurement strategy ensures there is a strict tendering process prior to suppliers being onboarded onto the framework. Certified red tractor quality chicken is used in our menu planning to ensure traceability and safe ethical practices are followed. Aligned to Council values, suppliers must demonstrate and adhere to strict standards in relation to animal welfare and farm conditions, food safety and of British origin.
