Subject: Trial excavations - Viewforth (Boroughmuir High School) - 12th Feb to 16th Feb 2024

Derek/ Mark,

Please see attached the locations of the trial excavations on Viewforth (footway) – near Boroughmuir High School. The purpose of the trial excavations is to locate and record the public utility apparatus on the footway heading north towards Dundee Street.

The works have been registered from 12th Feb to 16th under two notices LA REF 3502707 / 3502726.

The locations will also be marked on site prior to the works starting and a member of our team will be on site during the works to record the level and location of each of the public utility apparatus.

I will also get the PU's for these locations and send them over.

Please let me know if you require any further information or wish to discuss any of the above.

Many Thanks
