

63250 Block 1 and 2 Saunders Street

All inspection logs, repair logs, defect reports, and job records held by internal teams (including reactive and minor works) relating to Block 1 and 2 Saunders Street from 1 January 2020 to the date of this request, including the date each was raised and a description of the issue.

The record that first identified the defect that led to the installation of protective decking at Block 1 and 2 Saunders Street, including the date it was recorded and by whom.

Any decision record, instruction, or authorisation for the installation of that protective decking.

Further to previous responses issued to you concerning these blocks, all information we hold within scope of your request is attached. Third party personal information has been redacted from the documents provided.

We cannot provide the cost of the works as we consider this to be commercially sensitive.

The cost of the works is sensitive commercial information forming part of an on-going contract. If such information relating to this contract is released it would prejudice the commercial interests of both the contractor and the Council.
