

63426 Homelessness Applications

I request the following information:

The number of homelessness applications received and the number of households placed in temporary accommodation where the household was granted refugee / leave to remain status (including Ukrainian nationals present through an appropriate scheme), for each of the following financial years:

- 2021/22
- 2022/23
- 2023/24
- 2024/25
- 2025/26

Please provide the data in clear table format showing the totals for each year. If quarterly data is held, please also supply quarterly figures.

If the data is held in a different format or under slightly different internal terminology, please provide the closest equivalent figures and explain the terminology used.

The attached data shows the number of homeless presentations made in each year and the number who have accessed Temporary Accommodation. Please note this is only for those households who have made a homeless presentation. It includes Refugees who have come direct from Home Office accommodation and individuals with Refugee/Leave to Remain who have presented having been staying elsewhere prior to presenting.

Please refer to the following attached documents:

63426 Making a Homeless Presentation

63426 Accommodated in Temporary Accommodation

We did not start recording if someone was a refugee until April 2022, so are unable to provide any data for 2021-22.
