

63530 Private Hire Licenses

Date range January 1 2022 to July 1 2026.

I would like the number of private hire license requests (personal) that have been declined and the reasons for them being declined.

Our [private hire license register](#) is available on the Council's website. We are unable to provide you with the reason for a licence being declined because it is not held by the Council.

The number of private hire licenses that have been revoked.

This information is available on our [private hire license register](#).

The number of private hire drivers who've had enforcement action taken against them when actively on duty and the reasoning for the action.

The City of Edinburgh Council records enforcement action against licenced drivers, licenced vehicles, and licenced booking offices. There is no subdivision of whether the enforcement action is specifically against a private hire car driver, therefore this information cannot be provided as it is not held. Similarly, enforcement action is taken in relation to a breach of condition or of relevant legislation, however the specific condition which was breached is not separately recorded.
