

## 63710 Funded Social Care Support

Please provide copies of any recorded information held by the Council that sets out how financial circumstances are taken into account when deciding whether an adult under state pension age will receive funded social care support. In particular, I request copies of, or access to, any of the following that are currently in use:

Policies, procedures or guidance relating to financial eligibility for adult social care support.

[Guidance around financial eligibility is available on our website.](#)

Decision-making frameworks, flowcharts, matrices, checklists or similar documents used by staff.

[Treatment of Income, Paying for a Care home booklet and financial assessment procedure documents are attached.](#)

Internal guidance or practice notes provided to social workers, occupational therapists, financial assessment officers or decision-makers.

[Financial assessment procedure attached.](#)

Any documents setting out income, capital or other financial thresholds that are applied when determining whether publicly funded social care will be provided.

[The thresholds for non-residential and residential are determine by COSLA every year. The attached Paying for Care Home booklet has the thresholds for residential.](#)

Any operational guidance explaining how staff should apply the relevant legislation, regulations or statutory guidance when considering a person's financial circumstances.

[Paying for a Care Home booklet attached.](#)

Any documents recording the approval or adoption of the current approach, including committee reports, decision notices or governance papers, where held.

Any equality impact assessments, policy reviews or similar documents relating to the current approach.
