We are in the process of compiling desk top information regarding the below site at Haugh Steading, Newbridge, Edinburgh EH28 8LA.

We are looking for any environmental information which may be pertinent to our report, including with respect to previous land use, previous site investigations or contamination concerns.

Newliston Shale Mine South is registered as land with potential for contamination/site for inspection located to the west of the site Shape Length 811.067352 Shape_Area 25632.165401 and location 311,064.878 672,567.485 Meters.

We would also be interested in any records of tanks at the site.

We have searched through the records for both current and derelict petroleum stores based on the information that you have provided to the Department. Unfortunately, I have been unable to locate any information in the zone on the map at Haugh Steading, Newbridge, Edinburgh EH28 8LA with regard to the current or derelict petroleum tanks.
