

63907 Engine Idling Fines

How much have you raised in engine idling fines in each of the last five years?

£0.00 - No Fixed Penalty Notices (FPNs) have been issued under the Road Traffic (Vehicle Emissions) (Fixed Penalty) (Scotland) Regulations 2003 within the requested timeframe and no other form of enforcement has been taken for engine idling in this period.

If a driver is identified 'engine idling', legislation requires officers to give warning and allow a reasonable time for drivers to switch off their engines when asked. If they switch their engine off, a Fixed Penalty Notice will not be issued. Essentially, although such officer requests may not be recorded, in every instance the driver has switched their engine off as requested.

How much have you spent on enforcing engine idling fine in each of the last five years?

Not applicable.
