All,

In advance of our discussion next week, please find attached existing and proposed layout proposals for A702/A720 Lothianburn Junction.

As previously discussed, these works are aimed at providing a smoother traffic flow on A702 southbound through the junction and allow greater egress from the A720 east bound offslip. The Stage 2 Road Safety Audit is planned for this week and we hope to have any identified problems/ recommendations available prior to the meeting.

Please let us know any further comments on the proposal.

Regards,

[redacted]
