

64164 Planning Approval of Short-Term Lets

We need raw data on a number of planning supporters including how many applications they've each supported and who has submitted said applications.

Please limit this to applications regarding short-term lets and supporters with over 5 comments.

Please also limit this to the last 4 years to when the law changed (4th September 2022).

This can either be in the format of applications and associated list of supporters by name, or list of supporters and a list of all of their supported applications.

We would collate this data ourselves but your citydev-portal.edinburgh.gov.uk site doesn't allow any automated interaction, so we're having to request this via yourselves who presumably have more access.

As noted in the request, this information is published on our website at:

<https://citydev-portal.edinburgh.gov.uk/idxpa-web/>

We do not hold this data in any other format and there is no automated method available to us to extract or collate the information requested.
