

64400

Please provide information on the number of children fitted with electronic tags over the last 3 years, broken down by month and detailing the ages of these children.

If you have different bands I suggest you show under 16 in one column, and 17-18 in another.

Do a separate column for each please the Children's Hearing System, via the Court, or both?

	Order Type	Aug 23 - Jul 24	Aug 24 - Jul 25	Aug 25 - Jul 26
16 – 17	Court	<5*	15	12
	Children's Hearing	0	0	0
under 16	Court	0	<5*	<5*
	Children's Hearing	<5*	<5*	<5*

*Information has been aggregated and partially redacted due to the low numbers presenting a risk that individuals could be identified.

Please also detail the number of violations over the last 3 years, broken down by month, of the conditions of an electronic tag

Please provide figures for breaches of conditions of tags.

We can only report on any breaches of tag conditions for electronic tags fitted via the Children's Hearing system (a Restriction of Movement Condition). Breaches for tags fitted via the Court are reported to the Court or Police, this information would need to be provided by these organisations.

Due to low numbers, there is a risk that information broken down by month may identify individuals, therefore we have provided numbers per year. Please note these numbers relate to breaches and not individuals so one individual could have breached on more than one occasion. As noted in response above, we cannot break this down by individual as there is a risk due to the low numbers of identification.

Information below relates to Breaches for Restriction of Movement Condition via Children's Hearing System

Aug 2023- July 2024	Aug 2024-July 2025	Aug 2025- July 2026
