Location: This part of salamander street, outside redpath & McLean car sales is peppered with potholes, I can't even drive in a straight line heading from here towards the shore. As it's a major busy road I am unable to even provide a photograph as I would deem it u safe to do so due to the traffic it I am sure and convinced you have be inundated about this part of road. Short description of complaint : Road in state if disrepair causing damage to vehicle

Please provide the details of the complaint : The stretch of road between Salamander Street and Seafield Road is riddled with potholes and a couple of dangerous dips. I travelled along on my Vespa scooter on Sunday, 31st August, avoiding potholes all along that stretch and dangerous dips the second of which caught me off guard causing my tyre to completely puncture. Thankfully I wasn't hurt just shaken and I had breakdown cover and now arranging to have my scooter fixed. This is a major route into Edinburgh but is not in a great state for cars and is extremely hazardous for bikes, scooters & motorbikes. I could have come off my bike and been seriously injured or killed. I am furious that the state of disrepair is causing me the inconvenience and cost of repairing my scooter. I was extremely careful but that did not prevent the dip in the road catching me out, causing damage to my Vespa and almost injuring me. My friend also had an issue on the the same stretch of road causing a puncture to her car tyre so this is clearly not an isolated incident. 1. Please look at working to repair this urgently before someone is seriously injured. 2. Please also advise what I need to do to claim for the cost of the repair to my Vespa as this is Edinburgh Councils responsibility. Thank you and I look forward to hearing from you.

How would you like us to deal with this? : 1.Compensate me for the cost of the repair 2. Repair the road to make it safe

Location: Salamander Street and Seafield Road
