

64560 Household Bin Warnings and Fixed Penalties

How many written warnings were issued to householders for failing to comply with requirements concerning the presentation, placement or storage of household waste receptacles?

We do not issue warnings for the above; instead, we the Council looks to engage with the householders and provide education to ensure they are aware of how to manage their waste and receptacles correctly and appropriately.

How many notices of intent to issue a fixed penalty were served?

We do not issue fixed penalty notices to householders concerning presentation, placement or storage of their receptacles.

How many final notices requiring payment of a fixed penalty were issued?

Please provide a breakdown of the written warnings and final notices by the reason or offence category recorded in the council's system.

This might include:

Leaving bins or waste out too early

Failing to remove bins following collection

Obstructing a pavement, road or other public access

Placing waste in the wrong location

Using an incorrect receptacle

Placing incorrect waste in a receptacle

Leaving excess or side waste

Allowing waste to attract vermin

Any other recorded reason

The standard value of the fixed penalty.

The total monetary value of fixed penalties issued.

The number and total value of fixed penalties paid.

The number withdrawn or cancelled.

The number successfully challenged or overturned.

Please provide a street-level breakdown of the written warnings and final notices issued. I am requesting street names only and do not require house numbers, residents' names or complete addresses.

Not applicable.
