

64698 Reports of Illegal Parking

For each individual report, please provide the following information in tabular form where possible:

1. The date and time the report was submitted.
2. The location recorded against the report.
3. The nature or contravention type recorded against the report, for example red-line parking, permit-bay contravention, pavement parking, loading restriction or other category.
4. Whether the report was passed to a Civil Enforcement Officer/Parking Attendant or other enforcement resource for action.
5. The date and time at which an officer was tasked, dispatched or otherwise asked to attend, where recorded.
6. Whether an officer attended the location.
7. If an officer attended, the date and time of attendance.
8. Whether the vehicle identified in the original report was still present when the officer attended.
9. Whether a Penalty Charge Notice was issued as a consequence of the report.
10. Where a PCN was issued: * the date and time of issue; * the contravention code or recorded reason for issue;
11. Where no PCN was issued, the recorded reason why no enforcement action was taken, including any officer notes, outcome codes or status information held against the report.
12. Whether any report was closed without an officer attending, and if so, the recorded reason for closure.
13. Any internal status or outcome code associated with each report and an explanation of what those codes mean.

Summary information

In addition to the individual case information above, please provide the following totals across these reports:

- A. total number of reports;
- B. total number where an enforcement officer attended;
- C. total number where the reported vehicle was present when the officer attended;
- D. total number resulting in a PCN;
- E. total number where the vehicle was no longer present;
- F. total number where no officer attended;
- G. total number where no enforcement action was taken for another reason;

H. average time between the report being submitted and an officer attending, where this can be derived from information held;

I. earliest and latest attendance times recorded in response to these reports.
