

## 64806 Housing Waiting Lists

Please provide the following information as at the end of each financial year from 2021-22 to 2025-26:

The number of active applications on the council's social housing waiting list involving a household in which at least one person was recorded as disabled or as having a medical condition.

There are currently 9,693 active applications.

We do not hold records for previous financial years and we are unable to retrospectively report on this.

The number of active applications involving a household with one or more dependent children.

There are currently 8,454 active applications.

We do not hold records for previous financial years and we are unable to retrospectively report on this.

For each of these two categories, please provide the number of applications that had been on the waiting list for:

- a. more than one year;
- b. more than five years;
- c. more than 10 years.

These waiting-time categories may be cumulative. For example, an application waiting for more than 10 years may also be included in the figures for more than one year and more than five years.

Please count housing applications rather than individual household members.

The further breakdown requested for the current financial year is provided below.

### Category One:

- a. More than one year; 5,978
- b. More than five years; 2,062
- c. More than 10 years. 748

### Category Two:

- a. More than one year; 5,159
- b. More than five years; 2,094
- c. More than 10 years. 577
