64925 New Edinburgh City Centre Policing Unit

Please provide a copy of the formal agreement with Police Scotland that has enabled the new Edinburgh City Centre Policing Unit (CCPU).

Please provide any other related documentation (SLA or similar) that sets out what the CCPU will actually do, which area will they cover, how many staff will be deployed at various times of the day and year and what reporting/monitoring arrangements have been put in place.

In particular: will the reduced abstraction of non-city centre police for city centre duties (compared to the prior practice) be separately monitored and reported?

2002 and our response is provided below.

All information within scope of your request is hereby attached. Third-party personal data has been redacted from the attached document. We have withheld section 4 of the Memorandum of Understanding as we consider this to be commercially sensitive.
