65074 Parking Tickets/Restrictions

I want to draw attention to you that the parking attendants appear to be issuing tickets outside normal restrictions for Kingston Avenue, EH16 5SP.

Parking is not permitted Monday to Friday between 08:30 to 09:30 nor between 4pm to 5pm without a permit.

Can you please advise what parking tickets have been issued outside restrictions for Kingston Avenue? (2026 to date or this financial year to date).

How many have then subsequently been revoked for inappropriately being issued? i.e. not within the restricted parking times.

How many needed to be appealed before being revoked?

How many were noticed to be in the allowed time and an apology letter sent without the need for an appeal?

One Penalty Charge Notice has been issued outwith the restricted period in the financial year to date. The Notice was cancelled with apologies from the Council following a challenge submitted by the recipient. The location has been raised with the Council's parking enforcement contractor to ensure that Penalty Charge Notices are not issued outwith the restricted period in future.
