Subject: FW: Ref : 22/01647/FUL Condition 4 - Site survey and remedials

[redacted],

For avoidance of doubt following the attached letter and Environmental Protection response in addition to previously submitted 'Phase I/II Geotechnical & Geo-environmental Report' dated March 2022 & and 'Waste Classification Report dated February 2024' uploaded on the 6th November 2024 on the planning portal, I can confirm that condition 4 of planning permission 22/01647/FUL can be purified. This condition is now discharged.

Regards,
